

United States of America
Department of Transportation—Federal Aviation Administration
Supplemental Type Certificate

Number SR00125DE

This certificate, issued to Paravion Technology, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 27 of the Federal Aviation Regulations.

Original Product—Type Certificate Number: H11EU
Make: Eurocopter France
Model: AS355E, F, F1, F2, N

Description of the Type Design Change:

Installation of Infrared Imaging System per Paravion Technology, Inc. Drawing List, Report No. DL-355IR-100, Rev. N/C, FAA approved September 9, 1994, or later FAA approved revision.

Limitations and Conditions:

1. FAA approved Rotorcraft Flight Manual Supplement dated September 9, 1994, or later approved revision is required.
2. Paravion Technology, Inc. Report No. PR-355IR-900M, "Installation Instructions-Infrared Imaging System" dated June 22, 1994, or later revision is a required part of this installation.
3. This approval should not be extended to rotorcraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that rotorcraft. (See Continuation Sheet, page 3 of 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: September 20, 1993

Date reissued:

Date of issuance: September 9, 1994

Date amended:

By direction of the Administrator
